

HELICAL POINTED CHISEL

FLAT CHISEL

Features

- Helical working head.
- 4 unblocking cutting edges.
- Finish : sandblasted.
- Compatible SDS-plus / SDS-max.

Benefits

- **EFFORTLESS DRILLING** : Due to its helical head, the pointed chisel penetrates and explodes easily more materials. The user's efforts are minimised in comparison to a classic head form. User comfort is improved.
- **ANTI-LOCK** : The new helical working head works in half rotation with constante pressure on its 4 cutting edges. Due to its guide and specific geometry which air and dust removal during drilling, it doesn't lock into materials.
- **100% POWERFULL** : High temperature heat treatment under controlled atmospheric conditions provides maximum strength which concentrates all the hammer power for a real chiseling performance.
